Alleged Illegal Sale of Liquor in the

SERGT. DALEY PLEADED FOR

Commissioners Asked to Intercede for Equalining Pay of Engineers Nash and Greaves -Dr. Louis Johnson, Physician to the Poor, Subject of Complaints by Patients.

Complaint was made several days since by an anonymous writer of the violations of the law in the Fifth precinct against the sale of spirituous liquors to minors and on Sundays, respectively, and the Commissioners called upon the police for a report. It appears that a brewery on D street, between Thirteenth and Fourteenth streets southeast, has been in the habit of delivering beer to customers on Sunday. The attention of the attorney for the District was called by the police to the fact, and he said in response that under the act of March 3, 1893, it was not a violation to sail beer during the week to be delivered when called for. The party who lodged the complaint says there is more illegal liquor selling in the Fifth procinct than anywhere the work without compensation and endure the board was that he did not propose to perform complaint says there is more illegal liquor selling in the Fifth precinct than anywhere else in the city, but this is denied by the police officers. The papers have been sent to Attorney Thomas for investigation and re-

port.

Judge A. S. Taylor made a strong plea yesterday in a letter addressed to the Commissioners for the retention of Sergt. Daley. The
appeal is entirely disinterested, the judge
says, as he only knows Daley from having
seen nim on duty in the police court during
terms when he was on the beach. The judge
says be is of the opinion that Daley is the
victim of a conspiracy.

The Commissioners have been requested
by Irwin B. Linton, attorney for James R.
Nash and James T. Greaves, lately employed
as engineers at the Georgetown pumping station, to ask for a special appropriation in

as engineers at the Georgetown pumping station, to ask for a special appropriation in
their behalf. The claim is for services rendered in excess of eight hours per day for a
period of eleven months each, less thirty
days' leave, and amounts to \$1,100 per
annum to each man. The attorney says ho
has been informed that the allowance was
asked at the last session of Congress, but
that action was not taken owing to lack of
time, and he asks that the matter shall be approved in time for favorable consideration at
the next session.

T. V. Noonan recently tendered his resig-

board was that he did not propose to perform the work without compensation and endure the criticisms volunteered by the public.

Dr. L. A. Johnson, of No. 709 C street southwest, a physician to the poor, has been charged with exacting payment of Mrs. Somerville for the vaccine points with which he vaccinated her children. The points were furnished gratuitously by the health office, and it is alleged that no charge whatever should have been made by the physician. Dr. Johnson is also accused of having refused to attend a case of diphtheria, and through his neglect the patient died. For these offenses, unless properly explained away, Dr. Johnson is likely to be displaced.

Engineer Commissioner Powell has returned from New York City, whither he had been to undergo an examination for promotion. A vacancy occurs in February, and at that time Capt. Fowell will take rank as major in the Cerps of Engineers of the United States Army.

ST. ANDREW'S DAY.

Observed Yesterday By the Brotherhood-Mass meeting of Chapters.

The 30th of November, observed as St. Andrew's Day by the Episcopai Church, was celebrated here and elsewhere in the United States yesterday by the Brotherbood of St. Andrew.

Washington chapters were held last night, the proceedings including devotional exer-cises at St. John's Church and a conference in the parish hall. Rev. Dr. Mackay Smith assisted by Rev. R. S. Wood, conducted the religious features, the conference being con-

At the conference an address on chapter offleers was made by A. K. Parris, of St. John's, Georgetown, the subject being further ped by H. C. Hartman, John T. Paret

and others.
"Brotherhood work" was discussed by Mr.
G. W. Salter, of St. John's, this city, and
"Chapter work and the relation of its work to the rector and the parish" was the subject of a talk by the Bey. A. M. Hilliker, of Epiphany a taik by the Rev. A. M. Hilliker, of Epiphany Mission. "The social council" was discussed by Mr. H. C. Turnbull, of Towson, Md., representing that State in the national council. This discussion was also entered into by Mr. H. Rabecck, of Boston, and J. H. Gibbons, of Christ Church, East Washington. The meeting was closed with the singing of "All Hall the Power of Jesus Name" and the benediction by the Rev. Mr. Strart

SURPRISING RESULTS.

Magnetism Cures What Medicine Has Utterly Pailed to Touch.

DR. DAMON'S REMARKABLE POWER.

The following cases speak for themselves, They are authentic and may be referred to by any one desiring to test the accuracy of this statement: Miss Sophia Glendorn, blind from the age of three until sixteen years of age, restored to sight after all other treament had failed. A. B. Platt, Albany, N. Y., cured of miled. A. B. Platt, Albany, N. L., cared of severe form sciatio-rheumatism, Mrs. A. S. Tarr suffered with dyspepsia—some physicians called it cancer of the stomach—and for the past four years has lived almost exclusively on milk, the most simple foods causing her on milk, the most simple foods causing her the most excruenting pains and the rising and beiching of most foul gases. Can now eat any food which may be placed before her. Rev. H. J. Wyatt, Williamstown, says: "After suffering with dyspepsta and general debility for many years, and being treated by several physicians, and taking many remedies, without any permanent ben ilt, my attention was called to Drs. Damou and Maynard's wonderful cures, and I determined to try once more. At this time my kidneys were troubling me very much and the doctors told me I was suffering from Bright's disease. Life was a suffering from Bright's disease. Life was a wretched existence most of the time, and my duties were irksome in the extreme. After ten magnetic treatments I was completely restored to health. I am now a well man. Life is now an enjoyment, and all my ministerial duties a pleasure, and I advise all who are similarly affected to avail themselves of this wonderful treatment, as I believe they can cure every such case, I take pleasure in being referred to." Dr. Damon's offices are conveniently located at 608 Twelfith street northwest, where all can consult him. Recollect, he is permanently suffering from Bright's disease. Life was a at os I went street northwest, where all can consult him. Recollect, he is permanently located for a term of years, and that he is a regular medical doctor and can do all with medicines that any other doctor can do with medicines alone, added to which he is endowed with the magnetic power to cure disease, making his services doubly variable.
